Patna, Bihar, India

## SKILLS

- Java
- Data Structures & Algorithms
- KnexJS
- Tailwind CSS
- HTML
- CSS
- Bootstrap
- ReactJS
- JavaScript
- Git/GitHub
- NodeJS / ExpressJS
- PostgreSQL
- RESTful API

## PROJECTS

### Smart-Brain [Demo](#)

- smartBrain is a **Full-Stack application** with registration system, utilizing the **Artificial Intelligence** to let users perform face-detection on images they provided to the app by entering its URL address.
- Utilized **React**, **Tailwind CSS**, and npm packages for a compelling UI. Implemented a **REST API** and **database using Node.js, Express.js**, and **PostgreSQL**, with **Knex.js** for server-database connection and **Bcrypt** for password hashing.
- Deployed the app using Render.

### RoboFriends [Demo](#)

- robofriends is a Front-End application which filters the gallery of cards, loaded with data fetched from an external source, based on the user's input.
- Created the UI with the **React** library.
- Deployed the app using Git Pages

### Dice Game [Demo](#)

- Dice Game, an engaging and interactive project built using **React**
- This project offers a fun and challenging experience where players can test their luck and intuition by selecting a number, rolling the virtual dice, and earning points based on their guess.

### Weather App [Demo](#)

- weatherApp is an **api** based application which fetch the weather, humidity and wind speed of location.
- Created the UI with the **HTML, CSS & JavaScript**.
- Realized the version control using Git.

### Background-Gradient Generator [Demo](#)

- The Background Gradient Color Generator App is a web application designed to empower users to create visually appealing gradient backgrounds effortlessly.
- Built using a combination of **HTML, CSS, and JavaScript**, providing an interactive and user-friendly interface for generating and customizing gradient colors for web projects.

## EDUCATION

### Bachelor of Technology in Computer Science

College of Engineering Bhubaneswar • 2019-2023 (8.1 CGPA)

## CERTIFICATIONS

### The Complete Web Developer : Zero to Mastery Academy [Verify](#)

Dec 2023

### Master the Coding Interview: Data Structures + Algorithms [Verify](#)

Feb 2023
